

BetterInvesting/ICLUBcentral Tools, Resources, Education Programs

- Online Stock Selection Guide — A Web-based tool aimed at beginners that walks them through the Stock Selection Guide for whichever stock they choose.
- Online Stock Comparison Guide — A Web-based tool for comparing the fundamental data of several stocks.
- Online Mutual Fund Tools — Web-based tools for selecting quality mutual funds.
- BetterInvesting Magazine — Monthly publication with stock studies, portfolio management tips, personal finance articles, commentary and education about the association's time-tested principles and methodology.
- Book Series — Handbooks that help you invest in stocks and mutual funds, manage your portfolio, use computers and the Internet for investing, operate an investment club and improve the financial literacy of students.
- Discussion Lists — E-mail list services in which BetterInvesting members and volunteers provide support and talk about investing-related issues.
- Web-based Events and Programs — Includes Online Stock Study Series (live stock studies conducted by leading volunteers of the association), First Cut (downloadable stock studies contributed by members of the BetterInvesting community) and multimedia courses (including the Getting Started Curriculum).
- Local, Regional and National Events — Seminars on a variety of investing-related topics led by BetterInvesting's experienced and knowledgeable volunteers.

- Toolkit 6 — ICLUBcentral's newest product and its leading stock analysis software. This software for experienced investors allows you to study a company's growth, management performance and stock price, along with portfolio management tools that make it easy to monitor changes in holdings.
- Stock Analyst 3 — A desktop stock analysis tool for experienced investors with advanced features.
- Stock Prospector 2.7 — Robust stock screening software that allows investors to find quality stocks to review further.
- Take Stock 4 — Software that automatically assesses a company's quality and stock price to help you determine a stock's investment suitability.
- Club Accounting Online — A Web-based investment club accounting service that includes an accounting program, online and phone support, private message boards and file storage.
- Club Accounting 3 — Desktop software to help clubs track their finances.
- Federal and State Tax Printers — Tax preparation software for investment clubs.
- StockCentral — Web-based investment portal with online tools for researching stocks, discussion forums and educational seminars.
- Investor Advisory Service Newsletter — A monthly investing newsletter founded in 1973 and written by professional money managers who use BetterInvesting's methodology in finding stocks to recommend.
- Online Educational Resources — Web-based seminars on investing and using ICLUBcentral's products to build and manage your portfolio as well as online libraries and other resources.
