

Pittsburgh Chapter – BetterInvesting Newsletter

September 2026 Edition

You're here because you care about building something real together, not just chasing tickers. This newsletter comes to you from The Pittsburgh Chapter Volunteer Directors to keep you informed on local opportunities with BetterInvesting's resources and what's in our future.

“Did You Know?”

BetterInvesting operates a nationwide network of local chapters and investment clubs that supports local chapters, club mentoring, and in-person/virtual meetings to help investors learn together. This community structure is one of the most unique aspects of BI — it's not just tools, it's a social learning ecosystem. Stay actively involved with your club and chapter to take full advantage of these support offerings (Club Visits, Portfolio Review, Events, etc.).

What's New!

BetterInvesting has launched a new product known as **RightStock**. **RightStock** gives you a clear first read filter before the full SSG. Therefore, spending your time on stocks that are more likely to deserve attention. It provides two quick scores: **The Fit Score** (Quality) and **The Opportunity Score** (Valuation). Core or Plus member, you have full **RightStock** access included in your membership — no additional charge! Check out RIGHT Stock here [Try RightStock Now](#)

Investment Club Connect

Do you have Friends and Family in other parts of the country looking to join an Investment Club? You can help them find a suitable match locally by referring them to the BetterInvesting Investment Club Connect with over 160 clubs currently looking for new members. See more about this seamless program here [Investment Club Connect](#)

Education Corner (check for new content continuously being posted)

- Looking for more events or knowledge about the BetterInvesting approach? Visit the Video Learning Library containing on-demand videos (80+ in Core, 100+ in Plus) covering SSG, charting, guest speakers, and more here [Video Learning Library | Better Investing](#)

Get involved as a Chapter Volunteer (Are You Leaving \$100 Worth of BetterInvesting Resources on the Table?)

- You don't have to be an expert with BetterInvesting Online Tools (SSG, SCG, etc.) to be a Chapter Volunteer. There are many support roles beyond stock analysis and time commitments are minimal. Please consider volunteering your time to help further our efforts! Learn more at <https://www.betterinvesting.org/help-center/browse-topics/chapters-volunteering>

Club and Member Activity Suggestions

- Scenario Planning Challenge: Members discuss how the club's holdings might react to hypothetical situations: recession, rate cuts, supply chain shock, AI regulation. Uncover your club's portfolio vulnerabilities and/or opportunities and take the appropriate steps.
