

Pittsburgh Chapter Volunteer Application

The Pittsburgh Chapter of BetterInvesting (BI) is a non-profit volunteer organization whose mission is to support and assist current and future investment club members and individual investors to further their investment knowledge. Basic knowledge of BI tools and strategies is helpful but not a requirement, as you will learn more as you volunteer. You must be a member of BI and know how to complete a Stock Selection Guide. We invite you to attend our Board meetings to learn how the Pittsburgh Chapter Board operates and what we have to offer to our BetterInvesting members.

Name _____

Address _____
